 - 6.7.3.1 When the implementing agency/ beneficiary institution claims the project is complete the division examines the case looking into justification of the same as well as the tangible benefits which are expected to be accrued at the time of sanction. In case of standalone projects information is examined on sources of funds through which the project was completed (in case the beneficiary has sought assistance from another agency which provides grants/ subsidy, assistance at liberal terms).
 - 6.7.3.2 In case of multiple units assisted the proposal is examined with the view of the proportionate number of units installed within the restricted project cost. In case the implementing agency/ beneficiary institution justifies the abrupt closure of the project based on the above the division supports de-sanction of the unutilized amount and places it before the competent authority for approval and allotment of finance control number is sought vide draft letter. Letter containing finance control number is issued.

6.7.3.3. When the implementing agency/ beneficiary institution informs of its inability to complete the project, the division examines the case looking at aspects relating to economic viability of the partially completed project and may suggest de-sanction of the entire/partial assistance and recalling the assistance disbursed along with interest. The case is accordingly put up for the approval of the competent authority. On approval, the outstanding amount as on date is sought from the Finance Division and draft letter to the implementing agency informing the de-sanction and recalling the assistance is communicated with the approval of the competent authority.

6.8 Revalidation of sanction

Request for revalidation of sanction	Cooperative Societies/State Government	
Process Input	Source	

- 6.8.1 Delays in implementation of the project are examined as and when the validity of the project expires. The implementing agency/beneficiary institution is informed of the delay and letter with the approval of the competent authority is issued seeking reasons for the delay. On receipt of the justification for the delay and expected date of completion of the project the division proposes revalidation of the project and seeks the approval of the competent authority.
- 6.8.2 However, in case the final installment of assistance is to be disbursed thereby technically communicating completion of the project, the Division may on its own suggest extension of the validity to facilitate the disbursement and drawal of the assistance by the implementing agency/beneficiary institution. On receipt of the approval of the competent authority, letter communicating disbursement and revalidation of the project is issued to the implementing agency/beneficiary institution.
